PRODUCT RANGE BOOK

THANK YOU

FOR SUPPORTING US!

Established in 2003; Finer Power Transmissions Pty Ltd was founded by Max Forster (Chairman) who combined his understanding of the retail market with his unparalleled product sourcing skills and international partnerships to create a business that supports independent resellers to service their local markets.

Originally starting with a range of mechanical power transmission supplies we have extended our portfolio of products to include bearings, oil seals and more.

Thanks to our teams hardwork and your support we are now recognised as a significant contributor to the Australian and New Zealand Bearing and Mechanical Power Transmission Industries.

It is with great pride that we would like to present our initial Koyo Bearings Product Range as an authorised Koyo Distributor.

Greig Forster & Mark Forster

Joint Managing Directors
